

Information provided by the Assumption Parish Office of Homeland Security & Emergency Preparedness

Above, is an image (courtesy of LA GOHSEP) summarizing the EPA Flyover. The bright blue line depicts the flight path of the aircraft that performed the flyover. The aqua and black square path depicts the background chemical survey that was performed. The red/black icons depict infrared photographs while the purple camera icons depict actual photographs taken during flight. To access the complete report of this flight survey provided by EPA, [click here](#). To view some of the actual photographs taken during the flight survey, [click here](#).
