Finance Committee Meeting
Of the
Assumption Parish Police Jury

Wednesday, July 12, 2017
4:50 O'clock p.m.

1. Committee members recorded as present were: Mr. Martin Triche, Chairman; Mr. Ron Alcorn, Mr. Jeff Naquin, Mr. Henry Dupre, Mr. Booster Breaux.
Other Police Jurors recorded as present were; Mr. Irving Comeaux, Mr. Chris Carter.
2. Committee member Booster Breaux offered a motion, seconded by Mr. Jeff Naquin, "THAT, the committee approve payment of the bills submitted through July 7, 2017." The motion was unanimously adopted.
3. Chairman Martin Triche recognized the Secretary-Treasurer, who stated that the Jury had a conversation regarding some invoices and purchases required for the Jail and the medical health care for inmates. She then stated that following a meeting that was held, the agreement was for all medical supplies needed to be requested through the jail physician, who is under contract with the Parish. She then stated that the request is to grant her authorization of a \$1,000 limit to make purchases of medical supplies as requested by the Jail Physician. The Secretary-Treasurer did say that they discussed DOC inmate care and other expenses and they agreed what would and would not be paid by the Police Jury. In response, she stated that the \$1,000 is a yearly allocation for unexpected items that are needed.
4. Committee member Booster Breaux offered a motion, seconded by Mr. Ron Alcorn, "THAT, the committee approve and authorize the Secretary-Treasurer to purchase medical supplies as requested by the Jail Physician." The motion was unanimously adopted.
5. The Secretary-Treasurer then stated that the Ag Center rental rates were set about 10 yrs ago and she is proposing that they be increased by at least double the current amount. She explained that an individual pays \$5 to ride a horse and a parish employee works 3 hrs. to get the arena ready and 3 hrs. after the 1 hr. ride. She added that at that rate the salary paid is not close to being covered. She also stated that in the contract it stated that the Parish will provide a tractor driver at a cost of \$75 a day and the last rodeo that was held, an employee worked 22 hrs. throughout the weekend. However, the Jury needs to revisit these rates and consider an increase. In response, she stated that there is a millage that sustains that facility but she proceeded to explain why the rates should be more in line with the cost to cover the employees time spent maintaining during a big event. She then gave an example of what is paid by an individual who rents the entire facility for the weekend (\$500 large arena, \$200 concession stand \$150 tractor driver) and the Jury pays an employee 22 hrs. of overtime. She also listed other areas of concerns and stated that the facility is not equipped for a camp site.
Police Juror Henry Dupre expressed his concern regarding the increased usage of the facility and the thought of raising the rates to discourage the public from utilizing it. He stated that he may support an increase for an individual rider but is not in favor of a weekend event increase.
A brief discussion was then held regarding where the increase should be focused on (tractor, grating, maintenance, etc.). They also discussed the school organization utilizing the facility and how it was handled. It was also explained how the recreation parks are rented and contracted.
Following the discussion, the committee agreed to allow the Secretary-Treasurer to draft some recommendations and present to the Jury for review and adoption.
6. Chairman Martin Triche recognized Linda Richard, Housing Department, who stated that the Special Programs Director is requesting authorization to apply for Phase 34 of the EF&S funding in the amount of \$13,949. She stated that these funds are utilized for rent, mortgage payment, and utility bills.
7. Committee member Jeff Naquin offered a motion, seconded by Mr. Ron Alcorn, "THAT, the committee approve and authorize the Special Programs Director to apply for the EF&S funding in the amount of \$13,949." The motion was unanimously adopted.
8. Committee member Booster Breaux offered a motion, seconded by Mr. Henry Dupre, "THAT, the committee approve adding the following matters to the agenda." The motion was unanimously adopted.
9. Chairman Martin Triche recognized the Secretary-Treasurer, who requested approval of an MOU with South Louisiana Human Services Authority for inmate mental health medical care. She briefly explained that the MOU changed terms to provide for a counselor to come on site at the jail which would reduce the cost for transport to Morgan City. She stated that the Sheriff is in agreement and she recommends it.
10. Chairman Martin Triche requested comments, questions, or concerns regarding the request for an MOU with South Louisiana Human Services Authority. Following three (3) calls, there were no comments.

11. Committee member Booster Breaux offered a motion, seconded by Mr. Ron Alcorn, "THAT, the committee approve the MOU with South Louisiana Human Services Authority for inmate mental health care." The motion was unanimously adopted.
12. Chairman Martin Triche recused himself from the following discussion and abstained from any and all motions. He then authorized committee member Henry Dupre to proceed with the discussion. Acting Chairman Henry Dupre recognized the Secretary-Treasurer who then stated that the August 2010 well blowout affected Assumption Parish and there are funds available for a Cy Pres distribution to the neighboring community. The Parish maintains and operates Grant Park which benefits the Paincourtville community and other areas in the immediate vicinity that were affected by the incident. Therefore, the 23rd Judicial District Court upon order to the Assumption Parish Police Jury, presented a Cy Pres distribution in the amount of \$96,000 for the sole purpose of making improvements to Grant Loop Park in Paincourtville.
13. Acting Chairman Henry Dupre requested comments, questions, or concerns regarding the acceptance of the Cy Pres Distribution for Grant Loop Park Improvements. Following three (3) calls, there were no comments.
14. Committee member Ron Alcorn offered a motion, seconded by Mr. Jeff Naquin, "THAT, the committee approve and adopt a resolution accepting the Cy Pres Distribution for the Improvement of Grant Loop Park in the amount of \$96,000." The motion was adopted with Martin Triche abstaining.
15. Committee member Jeff Naquin offered a motion, seconded by Mr. Booster Breaux, "THAT, there being no further business to come before the Finance Committee, the meeting be adjourned." The motion was unanimously adopted.

Engineering/Grants Committee Meeting
Of the
Assumption Parish Police Jury

Wednesday, July 12, 2017
5:30 O'clock p.m.

1. Committee members recorded as present were: Mr. Irving Comeaux, Chairman; Mr. Henry Dupre, Mr. Ron Alcorn, Mr. Jeff Naquin, Mr. Martin Triche.
Other Police Jurors recorded as present were: Mr. Patrick Johnson, Mr. Chris Carter, Mr. Booster Breaux, Mr. Myron Matherne.
2. Chairman Irving Comeaux recognized the Parish Engineer, who requested that the substantial completion for the Retrofit of the 22 Pump Stations Project be tabled until FEMA approval is received. He then proceeded with the summary of the requested change order no. 2. He stated the following are 4 items listed on the change order; additional cost for relocation of pump from Cecelia St. to Felicia St., relocation of pump from 456 Bayou Drive to 442 Bayou Drive in the amount of \$3,500, Aristile pump engine modification, and a request from the Drainage District and the Gas Company to consolidate to 1 larger meter and manifold the 3 existing pumps into 1 line. The total cost for all change orders is \$31,204.68 and they are recommending approval. In response, he explained the change order work that was requested for Felicia St. He also stated that this is the final change order.
In response to funding for the change order, the OHSEP Director stated that there is none currently but the request is being made. He then informed the committee that the Parish has to assume responsibility for payment and the attempt will be made to obtain 75% of it back. He added that the State has indicated that there is additional funding to cover the cost.
A brief discussion was held regarding where the funds will be budgeted to cover this cost. Following the discussion, the committee agreed to allocate the funds from the general drainage budget.
3. Committee member Jeff Naquin offered a motion, seconded by Mr. Ron Alcorn, "THAT, the committee approve the Change Order No 2 for the Retrofit of 22 Pump Stations Project in the amount of \$31,204.68 and allocate the funds from General Drainage Budget." The motion was adopted with Martin Triche abstaining.
4. Chairman Irving Comeaux recognized the OHSEP Director, who stated that he received a plat for Reuben Theriot and Jerry & Nancy Breaux from Ascension Land Surveyor. He proceeded to explain what is being requested and stated that he informed the Surveyor that the lot adjacent to the private servitude should be labeled "not for development". Therefore, he recommend that the plat be accepted subject to lot B3A being labeled "not for development".
5. Committee member Martin Triche offered a motion, seconded by Mr. Jeff Naquin, "THAT, the plat for Reuben Theriot and Jerry & Nancy Breaux be accepted subject to lot B3A being labeled "not for development"." The motion was unanimously adopted.
6. Chairman Irving Comeaux recognized Police Juror Henry Dupre, who stated that this was discussed at the last meeting and he was skeptical about granting the variance due to the location being so close to the highway and the liability of the parish. He then stated that the ADA researched the lot and his finding is indicating that the lot is larger than what's stated.
In reply, the ADA stated that the Assessor's site is indicating that the lot is 27,000 sq ft. however, he suggest that the owner be contacted relative to the correct size.
In response, Ms. Triple Thibodaux stated that the lot is long but the/land slopes about 10 ft. on the back of the lot and the back of trailer will be hanging over that area.
The ADA stated that the assessment shows that along Hwy 1 the property is 190 ft. and the trailer is on 76 ft. long therefore, it should be able to fit across the lot without requesting a variance.
In response, Ms. Thibodaux stated that her lot is only 60 ft. wide.
A brief discussion was then held regarding the amount of land owned by Ms. Thibodaux. Following the discussion, the ADA stated that there is an issue with the property size which circumvents the request for a variance. He then stated that if the property measures 60 x 120 and due to trees and slop of the property, neither indicates a hardship rather a convenience measure and he doesn't recommend doing that. He then advised that a determination needs to be made as to whether or not the landowner will provided the opportunity to rectify those issues independently or will it become the Parish's job to grant a variance that puts the liability of the parish involved because of how close it is to the roadway.
A discussion was then held regarding the removal of the current trailer, the lot and the location of the utility pole and the distance the request is from the road right of way.
Committee member Henry Dupre stated that if the owners are willing to hold harmless the Police Jury from anything that would happen if a car ran into that home, he would approve to grant the variance. In response, the ADA stated that he is not in agreement with Mr. Dupre's statement. Mrs. Sharon Thibodaux stated that she will obtain all the paperwork required and submit to the OHSEP Director for submittal to the ADA.
Chairman Irving Comeaux stated that this matter will be further discussed at the next meeting.
7. Chairman Irving Comeaux recognized the Parish Engineer, who stated that Gumble St. was placed as an amendment under the 2015 Road Program for concrete repairs. He then stated that

at some point the contractor of the Sportsman Drive project contract had lapsed before this project was done. Therefore, he is requesting authorization to obtain 3 quotes to repair this street and present to the Jury for approval.

8. Chairman Irving Comeaux recognized the OHSEP Director, who proceeded to review the Disaster Recovery Grants;
 - Cancienne Canal - The Parish Engineer and South Central Planning are still working on the servitude and spoil removal from the canal.
 - Marais Sewer – The Parish Engineer stated that everything has been submitted to Pan American for review and just waiting for their approval. He stated that approval has been received from the Department of Health & Hospitals. He stated that when approval is received from Pan American the project will be placed out for bids.
 - Sewer Generator – The Parish Engineer stated that they had to decide if they were going to bid out the cost of the actual generators or purchase on State Contract and bid out the labor and installation. He then stated that with the two (2) cost estimates that were put together there seems to be \$100,000 worth of savings to go with the State Contract. He stated that the budget would be \$766,000 total cost including engineering and construction and purchase generators on State Contract as opposed to an estimated cost of \$866,000 to bid out the generators. He then recommended approval of purchasing the generators on State Contract and bidding out the labor.
The OHSEP Director also stated that he would need approval for the President to sign the budget amendment for the project.
9. Committee member Jeff Naquin offered a motion, seconded by Mr. Ron Alcorn, “THAT, the committee approve the recommendation of the Parish Engineer to purchase the generators on State Contract and bid out the labor and authorize the President to sign the budget amendment for the Sewer Generator Project in the amount of \$766,000.” The motion was unanimously adopted.
 - Pump Project – The Parish Engineer is waiting on FEMA approval. In response, the OHSEP Director stated that are waiting to hear from each Drainage District to get the name of the authorized person to include in the agreement document.
 - Wastewater Generator - The OHSEP Director stated that this project goes along with the Disaster Recovery Project.
 - Belle Rose Library – The Parish Engineer stated that there is about 45-60 days of construction left and they will then start a punch list.
10. Committee member Jeff Naquin offered a motion, seconded by Mr. Martin Triche, “THAT, there being no further business to come before the Engineering/Grants Committee, the meeting be adjourned.” The motion was unanimously adopted.

2. Chairman Martin Triche stated that the purpose of the public hearing is to receive comments, questions or concerns regarding the amendment to ordinance 13-05 as it relates to No Wake Zones in Belle River and other potential locations throughout the parish. He stated that Police Juror Myron Matherne was interested in amending the distance near the Belle River Bridge to 3.2 miles South and 2 miles North to automatically go into effect, without a declaration, when the gauge reach a certain level. He then opened the meeting to the public.
3. Chairman Martin Triche recognized Herbert Leblanc, 654 Michel Rd, Pierre Part, who stated that there are two (2) parishes involved but asked would it be possible to mock Ascension and Livingston Parishes to close the river down to recreational traffic. He then stated that with no enforcement, the law is worthless.
A brief discussion was then held regarding the comment to close the river to recreational traffic and how would do you decifier the difference between recreational and commercial traffic. In response, the Parish Engineer stated that there are places when the water reaches a certain level, the river is shut down to all but commercial traffic but he's not certain how it's done. He added that they that all agencies (wildlife and fisheries, coast guard, etc.) involved policing the area.
Chairman Martin Triche suggested that the Police Jury take the matter under advisement and get further information from the participating parishes.
4. Following three (3) calls, there were no further comments received. Chairman Martin Triche suggested that the hearing be closed.
5. Committee member Jeff Naquin offered a motion, seconded by Mr. Ron Alcorn, 'THAT, there being no further business to come before the Public Hearing, the meeting be adjourned.' The motion was unanimously adopted.
